RECORD of Proceedings

(Date of Hearing: 22.09.2026)

(Date of Order: 22.09.2026)

1. Heard learned Counsel for the Parties. During the course of the hearing, the Commission observed that the tariff proposed by the Petitioner under Section 62 of the Electricity Act, 2003, at Rs. 10.31/kWh, appears to be considerably higher than the tariff of Rs. 5.25/kWh adopted by the Commission under Section 63 of the Electricity Act, 2003, in its earlier Order dated 28.12.2017. The Commission, therefore, considered it necessary to ascertain the reasons and circumstances leading to such higher tariff, so that the interests of the consumers are duly protected. Accordingly, the Commission directs as under:

- i. Issue Notice to MES for their response to the present petition.

- ii. MCD to conduct a meeting of all stakeholders soliciting the views of all parties on how the tariff could be adequately reflective of the interests of the consumers;
 - iii. The Petitioner as well as all Discoms including MES to participate in the meeting to be conducted by MCD and express their views on working out the tariff for the extended capacity.
2. The aforesaid exercise shall be completed within a period of four (4) weeks from the date of this Order, and the outcome thereof, along with the views/suggestions received from the stakeholders, shall be placed before the Commission for its consideration.
3. List after 4 weeks for further hearing.
