Subject: Testing of meters in a NABL accredited Laboratory.

Sir,

This has reference to the Delhi Electricity Supply Code and Performance Standards Regulations, 2007 (Supply Code). The Commission directs that theft of electricity shall be dealt in accordance with Chapter VII (Theft & Unauthorised Use of Electricity) of the Supply Code and the provisions of the Electricity Act, 2003.

The Commission hereby directs the distribution companies that in cases of suspected theft and cases of suspected Dishonest Abstraction of Energy [refer Regulation 52 (viii) of Delhi Electricity Supply Code and Performance Standards Regulations, 2007], the old meter shall be tested in an NABL accredited laboratory recognized by the Public Grievance Cell and not the DISCOMs' own laboratory.

This issues with the approval of the Commission.

Yours faithfully
