

SCHEDULE OF MISCELLANEOUS CHARGES
(As finalised by the DERC)

1. SERVICE LINE CHARGES

In electrified areas, the following service line charges shall be levied for all categories of Consumers. For un-electrified areas, Service Line Charges and Development Charges as per Table 2 shall be charged.

Table 1

Existing			Approved	
Load (kW)	Charges		Load (kW)	Charges
	Over Head (Rs)	Under Ground@ (Rs)		(Rs)
Up to 5	2995	2245	Plot size up to 40 Sq. Meter and load up to 2 kW only	1250
6-10	3005	2405	Up to 10	2000
11-15	--	2640	11-20	3000
16-37	--	3750	21-50	4500
38-56	--	5440	51-100	8000
57-100	--	8065	--	--

@ Excluding cost of bricks, sand and GI pipes

- Note :
1. Cost of service line includes the cost of GI pipe, bricks and sand.
 2. Option of O/H or U/G Service line shall lie with the licensee.
 3. For load above 100 KW, the cost of providing connection on 11 KV shall be shared between Consumer and the Discoms on 50:50 basis.
 4. Where service connections are provided through 'Loops' only Rs. 500 shall be charged towards Service Line Charges for each new connection. However, where new service line is decided to be provided by licensee, charges for Service Line, as provided above, shall be applicable.
 5. Road cutting permission shall be obtained by utilities on behalf of consumers. However, the cost thereto shall be charged to consumers and shall be shown separately in demand notice.

2. DEVELOPMENT CHARGES FOR UNELECTRIFIED AREAS

For areas being developed by Land Development agencies, the electrification charges shall be as per existing practice and only Service Line charges (as per Table 1 above) shall be charged from the Consumers of such areas. For other un-electrified areas, the Development charges as given (in Table 2) below shall be charged in addition to Service Line charges indicated in Table 1 above.

Contd./

Table 2

Existing			Approved	
Type of electrifications	Charges (Rs/ sq mt of plot area)	Total charges for 50 sq.mt. Plot (Rs)	Sanctioned Load (kW)	Total Charges (Rs)
Overhead Bare conductor	120	6000	Upto 10	4000
Insulated Conductor	140	7000	11 –20	6000
Underground	150	7500	20 - 50	9000
Sub-station land not provided (Extra)	30		51-100	18000

3. ADVANCE CONSUMPTION DEPOSIT

All consumers are required to maintain with the licensee an advance consumption deposit equivalent to estimated three months consumption charges. Accordingly, all new consumers shall pay Consumption deposit at the following rates.

Table 3

(all figures in Rs/kW)

Category	Existing		Approved
	Monthly	Bi-monthly	
Domestic	600	800	600
Non-Domestic (Single Phase)	1500	2000	1500
Non-Domestic (Three Phase)	2000	2600	1500
Industrial	1350	1800	1500
Agriculture	333		300
Street Light	2500		1500

Note: The DISCOMS' proposal regarding replenishment of Advance Consumption Deposit based on consumption pattern on yearly basis shall be addressed separately.

4. DEVELOPMENT COSTS

Existing Development Costs being charged for load sanction beyond norms or from sub-divided plots etc. have been abolished as per Table 4 below:

Table 4

Category	Existing (Rs/kW)	Approved
Beyond norms	1020	NIL
Sub-divided plots & Non-domestic	1870	NIL

5. INSTALLATION INSPECTION FEE

When the installation is inspected for the first time at the time of energising new connection, the licensee shall not charge any installation inspection fee. Inspection fee shall be payable for subsequent inspections as per Table 5 given below:

Category	Existing (Rs)	Approved (Rs)
Upto 5 kW	60	60
5-10 kW	120	100
10-100 kW	240	200
HT Installation	600	500

6. RECONNECTION CHARGES

Category	Existing (Rs)	Approved (Rs)
Low and medium	60	60
LT CT meter	240	200
HT installation	600	500

Note : In case the last payment has been made and the line is erroneously disconnected and no FAE or default on Safety aspects is established by the Licensee, reconnection charges shall not be payable.

7. OTHER MISCELLANEOUS CHARGES

Existing equipment being charged as shown below has also been abolished and no equipment rental shall be charged now.

Category	Existing	Approved
Equipment Rentals	0.028% of equipment cost per month	NIL

8. JOB ESTIMATION/RE-PRICING CHARGES

(For HT Installations)

Existing (Rs)	Approved (Rs)
10000	10000

9. TEMPORARY CONNECTION - ADVANCE CONSUMPTION DEPOSIT

Category	Existing (Rs / KW)	Approved (Rs / KW)
Up to 3 days	500	300
Up to 7 days & multiple thereof, in block of 7 days	500	500 per 7 days block or part thereof
For regular use/construction works	1.5 times relevant category	1.5 times relevant category

10. COST OF TESTING OF METERS

Category of meter	Existing (Rs/meter)	Approved (Rs/meter)
Single Phase	50	50
Three Phase	100	100

11. SINGLE POINT DELIVERY

Till a final view is taken on the proposal of SPD, existing Installation Charges would continue.

Note: The above charges shall be applicable from the 16th of June 2003 and would be valid till further orders
