ORDER

(Date of Hearing: 11.06.2013)
(Date of Order 27.06.2013)

1. Ld. Counsal for the Petitioner submitted that the cost of Power scheduled from Aravali Power Company Pvt. Ltd. (APCPL) has surpassed all estimates and assurance of power purchase cost as represented by APCPL, at the time of entering into Power Purchase Agreement. He has further submitted that further procurement of power from APCPL would be prejudicial to the interest of consumers of Delhi and also commercially not viable. The variable charge of power is Rs. 3.50/kWh and the capacity charge is Rs. 1.86/kWh.
2. Ld. Counsel further submitted that Power Purchase Agreement with APCPL has adverse impact on its power purchase cost and adversely affects the consumer's interest.

3. In response to a query from the Commission, the Petitioner clarified that they expect to be surplus for a period of 3 to 5 years and the demand for power may not justify purchase from this station till 2017-18.
4. Considering the above submission, the Commission permits the Petitioner to explore the possibility of re-assignment of the PPA to alternative buyers for a period of upto 5 years, after which the requirement from this station can be reassessed and an appropriate decision taken regarding utilisation/further reassignment of PPA.
5. This Petition is disposed off.
6. Ordered accordingly.
