ORDER

(Date of Hearing: 09.12.2015)
(Date of Order: 23.12.2015)

1. The petitions came up for hearing today, which was attended by counsels and representatives of the parties.

2. The Petitioners agreed that as per the directions of the Appellate Tribunal for Electricity (ATE) the balance amount of consumer contribution has to be refunded to the respective consumers, however, the Aggregate Revenue Requirement (ARR) may be re-casted because the unutilized consumer contributions for assets capitalized were also considered by the Commission as means of finance for other capital schemes.

3. It is an admitted fact by the Petitioners that there is no dispute about refund of balance of consumer contribution and there is only one issue about re-casting of means of finance in respective ARRs.

4. On the issue of how to arrive at the exact figure of the amount to be refunded to the respective consumers and from what date, the Commission directed the Petitioners to come up with the details of balance of consumer contribution in each case and from which date it has to be refunded. The Commission directed that this exercise should be completed within two months. Regarding re-casting of ARR for previous years, the Commission directed the Petitioners to submit the details of such cases, where the unutilized consumer contribution for assets capitalized were considered as means of finance for other capital schemes of the Petitioners. This information will be utilized for passing orders on details of refund of consumer contribution as well as re-casting of previous ARR's in the next tariff order.

5. With the above directions the petition stands disposed off.

6. Ordered accordingly.
